In that event, we are going to file a motion to enforce and for sanctions. This is your chance to offer any explanation for DirecTV's failure to make a timely settlement payment and its violation of its recent, repeated assurances that the payment would be timely made?

Parker-

The banking day has ended, and we still have not received the promised payment from DirecTV. I am writing in one final effort to resolve this matter prior to filing a motion to enforce the settlement and for sanctions. The fact that DirecTV has not even responded to our inquiries can only be construed as evidence of willful noncompliance with the settlement agreement. If we are to avoid further litigation of this matter, DirecTV must respond immediately with an update on the status of the payment.

Thanks,

We still have not received the settlement payment that was due on October 1, nor confirmation that it has been sent, and we are long past the point at which DirecTV's failure can be attributed to any standard "delay" in wiring the funds to our account. Please advise. If we do not hear from you in the next hour, we will begin incurring attorneys fees necessary to prepare a motion to enforce the settlement and for appropriate monetary sanctions.

I'm told the payments are setup to send today, but that can sometimes be in the evening. After they send the wire, there can be a delay in when you can see it in your account. When I get confirmation, I'll forward it to you.
